SEALMATIC

Makes a Strong Impact At Iraq Oil & Gas Show 2026

Iraq stands as a beacon of opportunity, boasting vast reserves and unparalleled production potential in the oil and gas sector. **Iraq Expo OGEP** has emerged as an important platform for the regional energy industry, providing opportunities for international and local companies to showcase their technologies, products and services while developing business relationships within the Iraq market.

IRAQ
Oil & Gas Show
2026
Basrah, Iraq

Sealmatic successfully participated in the International Exhibition for Oil, Gas, Energy and Petrochemicals – Iraq Expo OGEP 2026, held from 24th to 27th September 2026 at the Basrah International Fairground, Basrah, Iraq. The exhibition brought together leading companies, industry professionals, decision-makers and key stakeholders from across the oil, gas, petrochemical and energy sectors.

Sealmatic was prominently represented at the centerstage during the exhibition, where the company showcased its expertise in advanced mechanical sealing solutions for demanding industrial applications. Sealmatic stand attracted considerable attention from visitors representing various segments of the process industries, including oil & gas companies, engineering organizations, contractors, equipment suppliers and other industry professionals.

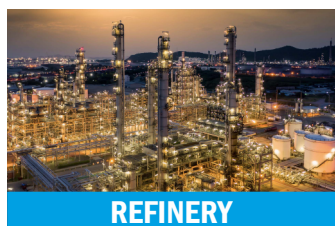

The exhibition provided an excellent opportunity for Sealmatic to interact directly with customers and industry stakeholders, understand their application requirements and introduce its range of sealing solutions designed for challenging operating environments. The discussions at the exhibition also highlighted the importance of reliable sealing technologies in supporting equipment reliability and operational efficiency across the energy sector.

For Sealmatic, Iraq OGEP Show 2026 was a successful and productive exhibition, offering valuable exposure to the Iraqi energy market and creating opportunities for future collaboration. The enthusiastic response from visitors and the quality of interactions at the Sealmatic stand made the participation a rewarding experience. Sealmatic looks forward to building on the relationships established during the exhibition and exploring new opportunities in Iraq and the broader regional oil, gas and energy markets.
